Wide range of research areas and world-class faculty

Supportive student-run TA network and mentor program

Tuition waiver and stipend for teaching assistants

Ph.D. in Mathematics
  pure/applied/actuarial

M.S. in Mathematics
  pure/applied/actuarial

M.S. in Applied Financial Mathematics

RESEARCH AREAS
Actuarial Science
Algebra and Number Theory
Analysis
Applied Mathematics
Combinatorics
Geometry and Topology
Mathematical Finance
Mathematical Logic
Mathematics Education
Numerical Analysis
Partial Differential Equations
Probability Theory
